

CAO – Contemporary Architecture Offices

This subject is about contemporary Hungarian architecture. Every week a lecture or a site visit will be taken by a famous/talented Hungarian architect.

The lectures will be in Hungarian language, for the international students it will be translated by an interpreter.

To execute the subject, an essay will have to be written, about one of the lectures. The topics will be personalized for everyone on the last lecture.

Rating view:

- own idea and own opinion
- research
- quality
- design
- self made pictures (site visite)
